About Us

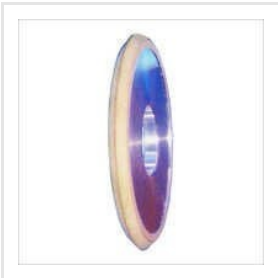

To fulfill the grinding requirements, Micro Products started functioning in the year 2000. We are known as one of the leading manufacturers, exporters, and suppliers of high quality Resin Bonded Diamond Wheels & CBN Wheels. Our company is known for manufacturing diamond tools by using modern technologies and state-of-the-art machines. It enables us to maintain high industry standards in our products range that has earned us a large number of clients in domestic as well as international market. Over the years, we have achieved a respected position in the competitive market by offering world class product range that suit to customers' requirements the best. All our wheels are manufactured with genuine grade raw material that make them durable and long lasting.

Micro Products is a leading company and brand of grinding wheels, cutting wheels, resin bonded diamond wheels, cbn wheel, and allied products. We are working from Bhavnagar as the supplier, exporter and manufacturer. We have integrated various values which forms the core of our organization and today we are marked as one of the recognized company. With our transparency, consistent principles and work standards we surely guarantee trust when anyone interacts with our group. At Micro Products, we are continuously improving to maintain sustenance in an increasingly competitive market.
